	Treat symptomatically.	

SECTION 5: F	TRE FIGHTING MEASURES	
Extinguishing media:	Suitable extinguishing media for the surrounding fire should be used.	
Unsuitable media:	None.	
Exposure hazards:	Heating may cause a fire or explosion. Explosion risk.	
Advice for firefighters:	Fire fighters should wear complete protective clothing including self-contained breathing apparatus. If it is safe to do so, containers should be removed from fire area because they are likely to rupture under fire conditions.	
SECTION 6: ACCIDENTAL RELEASE MEASURES		
Personal precautions:	Provide adequate ventilation. Use non- sparking ventilation systems, approved explosion-proof equipment and intrinsically safe electrical systems. Wear suitable protective clothing, gloves and eye/face protection.

Reactivity:	None anticipated.
Chemical stability:	Stable under normal conditions.
Hazardous reactions:	No hazardous reactions known if used for its
	intended purpose.
Conditions to avoid:	Keep away from heat and direct sunlight.
Materials to avoid:	Not known.
Haz. decomp. products:	No hazardous decomposition products known.
