

Degrease™ IT

**Industrial degreasing solution
for surface preparation**

“maintenance made easy”

PRODUCT DESCRIPTION

Degrease™ IT is a powerful multi-purpose cleaner and degreaser, containing phosphate, alkali builders and solvents in a highly alkaline detergent composite.

TYPICAL USES	Degrease™ IT is ideal for the removal of heavy grease, oils and fats from floor and wall surfaces prior to applying paint or other coatings. It is also suitable for removing fat build-up in pipework and traps, and as a non-flammable degreaser for machinery and ovens – but refer to 'Suitable Substrates' following.
---------------------	--

SUITABLE SUBSTRATES	Degrease™ IT may be applied to concrete, quarry and ceramic tiles, terrazzo, vinyl and most other hard surfaces. The product can affect glass, aluminium and certain plastics so pre-testing is advisable on these surfaces.
----------------------------	--

COLOUR	Degrease™ IT is a colourless liquid.
---------------	--------------------------------------

PACKAGING	Degrease™ IT is supplied in 5.0 litre units and 25.0 litre drums.
------------------	---

APPLICATION TEMPERATURE	Normal application temperature is between +5°C and +30°C.
--------------------------------	---

DIRECTIONS FOR USE

MIXING

Degrease™ IT is normally diluted with water at a ratio between 1:4 for floors and 1:40 for machinery.

Degrease™ IT may be used undiluted for removing severe grease contamination.

APPLICATION

Spray or pour and brush Degrease™ IT onto the surface to be cleaned. Allow to penetrate for at least 5 minutes.

Concrete floors and highly concentrated solutions should be rinsed thoroughly. Smooth surfaces may be wiped clean without rinsing.

HEALTH & SAFETY

Before using this product, please ensure you have received and read carefully both the Hazard Label applied to the container and the relevant Material Safety Data Sheets.
